

PRIMARY WORDMARK

Solid wordmark in Deep Blue with a Sky Blue accent dot above the final letter.

ICON LOCKUP

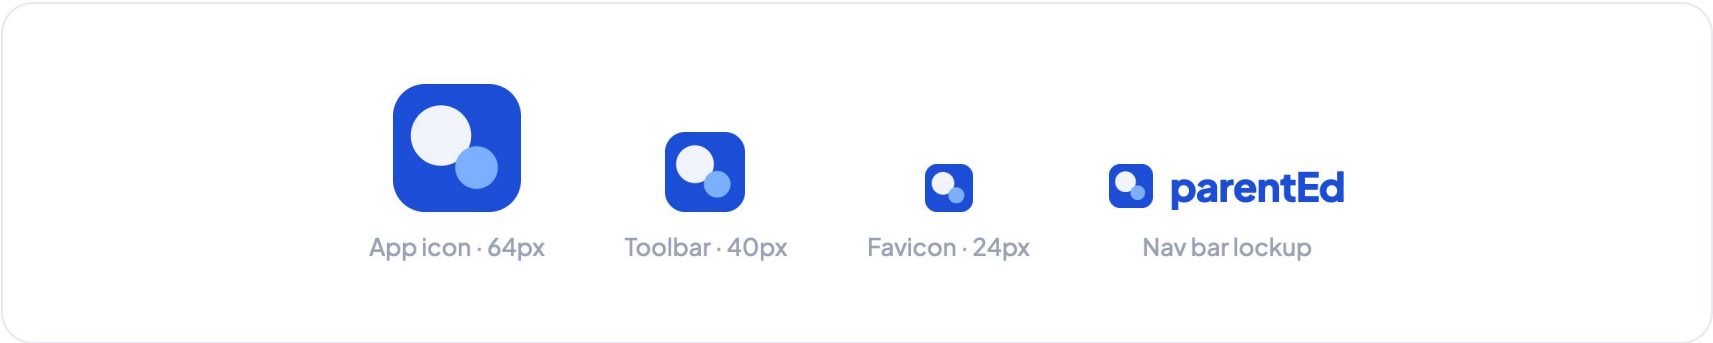

Badge mark pairs with the wordmark for app icons, headers, and social profiles — two overlapping circles standing in for parent and child.

REVERSED LOCKUP

Full white wordmark and inverted badge for use on blue, photography, or dark surfaces.

LEGIBILITY CHECK

The badge stays readable down to favicon scale — the two circles remain distinct at every size.
